Powerful Video Features For Business

Haivision is the only company that provides a complete, end-to-end enterprise media solution.

Stream, Record, Play

Live stream, record multiple HD sources, or watch IPTV or VOD content anywhere, on any screen.

Secure

Protect your content with SRT Active Directory, LDAP and SSO support and AES 128/256 encryption.

High Quality

Powerful hardware and software players ensure broadcast-quality viewing experiences on any device.

Any Screen

Deliver video securely to any screen, including desktops, mobile devices, and televisions.

Multisite eCDN

Distribute live video to multiple locations worldwide without overwhelming the network.

Remote Contribution

No matter where your executives travel, they can present live from any remote office, off-site location or on the road.

Multicast/Unicast

Standards-based support for both unicast and multicast ensures minimal IT intervention for virtually any WAN/LAN infrastructure.

Hybrid/Cloud

On premise, cloud and hybrid video distribution options fit your unique needs and network infrastructure.

Set-Top Box Control

Centrally manage and schedule when and where your video is displayed on any screen.

GLOBAL ALL HANDS

Enterprise Edition

Securely distribute live and on-demand video, such as CEO all hands, company events and IPTV to employees watching from headquarters, remote offices, and on the road.

FACILITY IPTV

Site Edition

Centrally manage and distribute IPTV and live corporate content to every screen within a facility, including auditoriums, lobbies, break rooms, and conference areas.

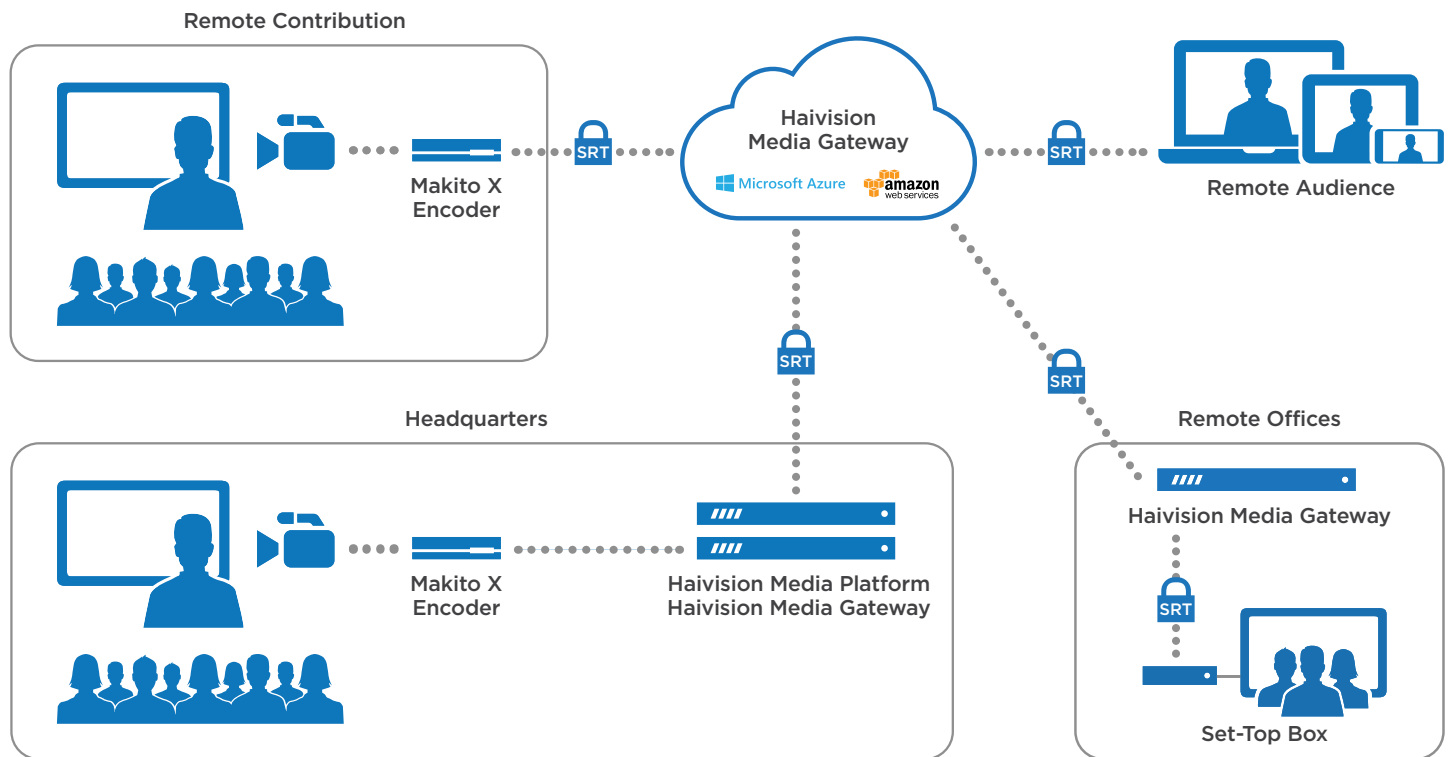

RESEARCH RECORDING

Workgroup Edition

Help your teams record, analyze and review synchronized HD video sources for all kinds of research including usability testing, focus groups, simulations and training.
